

Ashmeade, established in 1983 to cater for the care needs of only 11 residents, was purchased by Dr and Mrs Rhodes in 1989 having already established itself as one of the premier residential homes in the area.

Over the last 30 years Dr Rhodes, who has now retired from General Practice, and Mrs Rhodes, formerly a qualified State Registered Nurse, have extended and enhanced the facilities at Ashmeade such that it is now registered to care for 18 residents and meets the numerous legislative requirements introduced in recent years.

Mrs Rhodes, though remaining the Registered Provider, has passed the role of Registered Manager to Lorraine Haslam who has many years of experience in the care sector and has been employed in a senior role at Ashmeade now for 15 years.

Everyone at Ashmeade Residential Home is extremely proud that, as a result of its unique, stable and homely atmosphere, we continue to have an excellent reputation within the local community and be highly regarded by visiting and referring professionals alike.

Steps To Admission

- A visit to the home by prospective residents/ relatives is encouraged.
- Assessment visit or meeting with prospective residents (owner/manager) either in their own home or hospital.
- Social worker involvement, if social service funding is required
- Prospective resident is encouraged to spend at least half a day in the home prior to admission.
- Service User Guide is given containing:
 - Aims & Objectives of Home
 - Care Policy
 - Description of services
 - Staffing ratio
 - Summary of Care Inspection Report
 - Terms and Conditions
 - Fire Procedure
 - A Sample Daily Routine
 - Contract
- A letter confirming suitability of placement is sent.
- All residents enter the home on a 4 week trial basis.
- Contract is issued & signed by both parties upon admission.
- Itinerary to be made by staff/resident of all belongings brought into the home.

Ashmeade as a care home presently caters predominantly for ladies with only occasional male admissions. It is non-smoking and, in the main, has a quiet homely atmosphere. Hopefully this brochure will give you some insight into to how the home is managed and the ethos behind the care provided.

We hope that we can meet your requirements but, as everyone is an individual, we do recognise that in certain cases this may not be possible. Please ask if there is any further information that you require and feel free to pop in at any time - we are always happy to show you around and discuss your specific requirements.

Care With Dignity

Our aim is to provide high quality care and accommodation with associated care packages carefully tailored to best meets the needs of individual residents.

To provide a safe and stimulating environment in which physical, social and emotional needs are met. A place where residents can be happy and, through staff involvement, lead the highest quality of life that is possible.

To ensure all accommodation within the home is of the highest standard, furnished and decorated in a homely way whilst meeting and surpassing the requirements of the registering authority and CQC.

To develop an individual care plan and risk assessment for each resident, taking into account their dignity, privacy, independence, and fulfilment. Residents and their families should feel empowered and able to make choices in doing so sharing responsibility for and being involved in the development of their own day to day care.

To encourage liaison with other residents, relatives and friends within the home and to be given the opportunity to raise any concerns or suggest ideas for change within what is their home.

To maintain high professional standards with continued development and the adoption of best practice within the home. This being facilitated by proper recruitment and training programmes along with the continued motivation of our dedicated team of professional carers
